

**JWULD07FB10 Installation Guide**

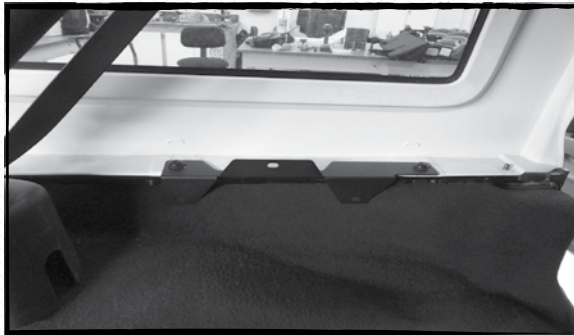

Jeep Wrangler 4 Door JK Series (Drivers Side) 2007 - UP  
(Unloaded/Loaded/Amplified)

**STEP 1:**

Locate the rooftop mounting bolts as shown (driver side, behind the rear seat).

**STEP 2:**

Attach the mounting bracket to the enclosure as shown using the supplied hardware.

**STEP 3:**

When the bracket is assembled to the enclosure, this is how the bracket mounts to the vehicle.

This is for reference only!

**STEP 4:**

Make all final wire connections, and mount the enclosure into place using the bolts removed from the rooftop in Step 1.

**STEP 5:**

Your installation is complete. Enjoy your new bass in a small space.
